RUBBER MULCH

A safer, softer, more natural surface for Schools and Kindergartens

RUBBERTOUGH INDUSTRIES

PlayKote

Why Choose Rubber Mulch?

SAFER PLAY
Helps cushion falls and provides a softer play surface.

DURABLE & LONG LASTING
Built to handle busy school and kindergarten environments.

EXCELLENT DRAINAGE
Helps water flow through, reducing puddles and muddy areas.

ECO-FRIENDLY
Made from recycled car tyres — a sustainable choice for a greener future.

LOW MAINTENANCE
Looks great with minimal upkeep compared to traditional mulch options.

NATURAL & ATTRACTIVE
Blends beautifully with natural surroundings and adds a welcoming feel to your play space.

NATURAL LOOK. LASTING PERFORMANCE.

Rubber Mulch is a durable, low-maintenance surfacing solution made from recycled Car Tyres. It provides a natural, soft look while offering excellent safety and drainage - perfect for Schools, Kindergartens and Early Learning Centres.
